As part of St Mary's Academy Trust, The Mill Academy is proud to be a friendly, caring school where children feel valued and secure.

Our enthusiastic and dedicated staff work in partnership with parents, governors and the community to provide a well-planned and challenging education for all, helping each and every pupil to achieve high standards. The children are at the centre of everything planning in school, and we look to support their development socially, emotionally and morally, as well as academically. As such, we value parents and carers as partners in the education process.

We want every child to be excited about coming to school each day and to leave having enjoyed their learning, whilst having been challenged to acquire new, valuable skills.
